

Flexible Support Plans

Do you have a Plone CMS site but no in-house resources to answer advanced questions or troubleshoot difficult issues? Jazkarta offers comprehensive plans for support and maintenance of your Plone site.

The Jazkarta team has been working with Plone since 2004 and knows how to get the most out of the system. Our engineers will understand your problems and be able to recommend best practice solutions.

We offer a range of plans, so whether your Plone site is small or large, simple or complicated, we have a support plan that will suit your needs. Our technical support plans will get you the answers you need, when you need them.

Maximize your investment by putting your Plone site into expert hands.
